The following list has been compiled using a Shanghai 1946 "Chinese Geography Textbook For Middle Schools", Kwangtung Provincial Government lists of August 1946, and V. K. Ting's 1944 Gazetteer.

Note: For purposes of administration, Kwangtung Province is divided into nine areas, in addition to three Special Municipalities — Canton, Swatow, and Kuangchowmen (廣州灣), now called Chanchiangshih (湛江市) since France returned administration of the city to China in September 1945. Following is a list of the nine Administrative Areas, each with its component hsien (counties), arranged in alphabetical order. English names are given according to Wade-Giles romanization. Location of the hsien is indicated by giving the coordinates of the "hsien city", which is the seat of the hsien government and has the same name as the hsien. Names and coordinates listed are from V. K. Ting's 1944 Gazetteer unless otherwise stated. In cases where Ting's Gazetteer does not provide required information, data is from the most recent investigations of Kwangtung Provincial lists in Canton, and is so marked.)
